

## **SUMMER SCHOOL**

The Board of Education may choose to operate a summer school program for any and all grade levels. This extension of the school year may be developed to:

1. provide extra help to students who are in need
2. provide remedial help where mandated
3. provide enrichment activities; and
4. stimulate skill advancement in a particular subject area.

No tuition is charged for students who are residents of the district and who have been recommended for a particular summer school program by a teacher.

Special activities or programs for which a minimal fee is to be charged must be approved by the Superintendent of Schools.
